THE REVIVAL SEASON. Forty More Seekers at the Altar and

over Twenty Conversions The Harrison revival meeting again nacked the audience room at the First M. E, church last night, and the interest as usual was of the most intense character. The interest is not only manifested at the meetings each afternoon and evening, and ed ebony cane, appropriately inscribed, it cannot be said that people are caused to come forward solely by the feeling appeals of the boy preacher. Go where you will in any part of the city where Christion people dwell-in offices, stores and workshops -and you will bear one or more persons talking seriously about Harrison and religious matters. The to give utterance in words to the feelings young evangelist, it cannot be denied, has set the people to thinking, and during the silent watches of the night and during the daytime they silently consider what they should do, and when at the meeting the invitation is given to go forward they need no second bidding. Their minds have been made up as to what they ought to do, and in many instances, as was the case last night, many are converted and go into the bright sunlight of a Chris-

tian life. "One thing thou lackest," was the subject of Mr. Harrison's remarks last night. He spoke longer and seemingly more effectively than on Monday evening, and during the entire time he was accorded the most respectful and closest attention. Forty persons, many of them elderly people, kuelt at the altar, and more than 20 were converted making a total of nearly 200 saved. The singing was spirited and the members of Staprs' Chapel and the First M. E. church united with Mr. Harrison in talking with serious friends in the congregation, many of whom by personal invitation were persuaded to go to the altar and start on the right road. The afternoon meeting was attended

by 500 people, and the lecture room at JURORS and all parties attending the the young people's meeting was filled. Revival services again this evening.

MR. F. T. BARRETT, the city editor of the Danville daily News, was "held up" and robbed of a watch, a valuable shirt stud, a pair of gold-rimmed eye glasses, three pocket knives and a small amount of money, on Monday evening, as he was caving his home. Mr. B. was assaulted by two men who knocked him down but did not injure him seriously. The assault occurred at 6:30 o'clock and the robbers got away. THE OHIO ROAD LAW.

A QUESTION OF LIVE INTEREST TO MACON

The other day a meeting of mayors of

the different cities in Illinois was held at

has attracted general attention. Various

suggestions have been made in the news-

The Ohio plan is thus alluded to by a

correspondent: "The system adopted in

Ohio seems to be the ensiest and most

available. The Ohio plan is as follows:

The line of the proposed road is surveyed,

parallel to which on each side to the dis-

tance of two miles lines are also surveyed,

and the lands on either side are taxed for

the purpose of improving the road, the

tax per acre being apportioned according

These free turnpike roads were made un-

der a law enseted by the legislature of

state, made under this law. After the fax

was levied for building a certain road, the

ax years in which to pay it, making it

comparatively easy upon the tax payers.

These roads were first graded and ditched,

after which broken stone to the depth of

ten inches in the centre and eight inches

feet. Upon this stone basis gravel to the

same depth and width was laid, which

made a most permanent and durable road

bed. The expense of keeping the roads

in repair was very light, and done in the

ordinary mode of repairing the bighways

by the usual road tax, it was found that

the ditching of the roads was a great aid

to the drainage of the lands along the

lines of these highways. As an instance

of the great value of these improved roads

the correspondent cites one county

(Fayette) in Ohio: About 11 years ago

Fayette county had not a mile of good

road in it. Under the free turnpike law

of the state the citizens of that county

resolved to build a system of improved

highways. Lines were surveyed and the

work commenced. In five or six years

there was a macadamized road bed upon

every important highway from the extreme limits of the county, centering at

the county seat. It was a heavy tax apon

the people, but they endured it six years,

when the roads were paid for, and the

people more than satisfied with what had

been accomplished. In ten years from

That is what a great many people are domn. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is Brown's Iron BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and

strength. This is why Brown's IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, mala-

un, intermittent fevers, &c. Mr. Sinch Blanchard, a well-trown current Hayesville, Meade county, Kentucky, says: "My wide had been sick for a long time, and dier constitution was all broken down and she was unable to work she was advised trouge Brown's from I sters, and found it to work like a charm. We would not now be with-out it for any consideration, as econsider it the best tone in the world."

BROWN'S IRON BITTERS is not a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.
